All-natural superfood recipes and beauty treatments come together in this handy guide.

A pocket-size introduction to 30 superfoods offering two simple recipes for each—one to eat and one to use as a beauty treatment. This book lets you have your Pomegranate Facial and eat your Halloumi, Orange, and Pomegranate Salad, too. Each of the recipes uses just a handful of all-natural, common ingredients to make deliciously clean dishes and easy treatments for healthier skin, hair, and nails.

Session Cocktails

Low-Alcohol Drinks for Any Occasion

A cocktail book featuring 65 inventive and delicious recipes for low-proof drinks.

Bartenders are increasingly moving away from strong cocktails toward a lighter canon of low-alcohol drinks that highlight fresh flavors and facilitate conviviality. These drinks provide an occasion for more leisurely socializing through their “sessionability”—you can have a few without having to go down for a nap. This book explores the trend through the history of low-proof drinks, tips on building a low-ABV (alcohol by volume) bar, and 65 recipes designed for occasions ranging from brunch to the end of the night, contributed by some of the industry’s best-known mixologists.

The One-Bottle Cocktail

More Than 80 Recipes with Fresh Ingredients and a Single Spirit

A collection of creative, delicious cocktails that require only a single bottle of your favorite spirit, plus fresh ingredients you can find at any corner market.

This book puts simple and inventive drinks into your hands even if you have a tiny home bar. Organized by spirit—vodka, gin, agave, rum, brandy, and whiskey—each chapter offers eye-opening recipes using pantry staples (chai tea, balsamic vinegar) and seasonal produce (figs, citrus, thyme) that will delight cocktail lovers of all stripes, and (best of all) won’t require an emergency run to the liquor store.
