Key Sales Points

- *A companion product to the Russian Criminal Tattoos and Playing Cards publication and the best-selling Russian Criminal Tattoo Encyclopaedia series. The cards are a unique insight into the design of hand-made Soviet prison playing cards and their link to the Russian criminal underworld.*
- *A pack of cards like no other. A full deck of cards whose design has been taken from 4 different sets of original Russian Criminal playing cards, hand-made in Soviet prisons. (Can be used like any set of normal playing cards.)*
- *The design of the cards makes them beautiful works of art in their own right. Their markings are made from hand cut stencils using 'inks' from soot and blood alongside other materials procured in prison.*
